RAYMOND

A live town in a rich agricultural and stock-raising district. A good place to make your home.

Volume 32

THURSDAY, JULY 6th, 1933

Number 18.

Dominion Day Celebration Is Great Success

Dominion Day was duly kept at Raymond on Saturday, and everyone had a great time throughout their entire day. At 9 a.m. the Kiddies were entertained with races and sports in the Park in town, the Board of Trade taking charge of these events, assisted by Committees from the Primary and other organizations. Each child who was in the Park before 9 a.m. received a free Ice Cream Cone and for getting them there on time this is the system. Over 400 cones were served. Then each contestant under the age of 10 received a Free Bar, and this made plenty of competition in the foot races for the little tots.

At 10:45 a Patriotic program commenced in the Stake House which was filled to capacity, and which had been appropriately decorated with flags and bunting for the occasion. Mayor Meeks took charge of the meeting and the following program was rendered:—

Band Selection—"O Canada," Invocation—Pres. O. H. Snow, Band Selection.

Address of Welcome—Mayor Meeks.

Piano Duett—Gladys Holt and Ruth Watson.

Oration—Brigadier-General J. S. Stewart, M.P. for Lethbridge Riding.

Male Chorus—Ira McBride and Co.

Speech—"Raymond Pioneers," Charlotte Knight.

Viola Solo—Harold Laycock of Lethbridge, Mrs. Brown at the Piano.

Birthday Cake—Presented with 20 candles, lighted by two little girls, who sang a song to the tune of "A Long, Long Trail" with words adapted to Raymond.

Miss Iris Jones then gave a reading entitled "Raymond," which was composed by John H. Blackmore, B.A.

Vocal Solo—Mrs. D. Wets.

Male Chorus—Ira McBride and Co.

Closing number—"God Save the King" by the Band.

STAMPEDE PROGRAM

Long before the hour for the commencement of the Stampede the cars and people commenced filing into the grounds, and they kept it up until nearly 2:30, when the Gate Keepers left their posts and the grounds were wide open. There were between four and five thousand people in the ground counting men women and children, and all of them thoroughly enjoyed the splendid programme that was presented. A new innovation in Raymond was the Loud Speakers which broadcast the name of horse and rider in all Saddle events and the name of the rider in every event. It also facilitated the Race programme by calling out the races far enough in advance to have the horses and riders ready. For broadcasting lost, found and wanted information it was superb, and several individuals were called to the stands. Two or three local artists, tied their voice over the "mike" and gave a good account of themselves.

Most of the running races were divided between horses belonging to Mack's Don, Roy Knight, and the local harness and some club and interesting races were held up. In the bucking with saddle, Mel Bascom was first, Clarke Lund second and Earl Bascom third. In the bareback riding Clarke Lund was first, J. Livingston second and Earl Bascom again third. In Steer Decorating Earl Bascom was first in 914 seconds setting a new record for

Raymond, Clarke Lund decorated his steer in 23 seconds, these being the only two who succeeded in placing the ribbon. Art Lund was first in the Roping and tying of calves, Matt Lyndell second and Clarke Lund third. Donald Forsyth made the best time on one calf, roping and tying one in 26 seconds, but on his second calf he had to take two loops and it cut down his average.

10 young fellows took the mules for the wild Mule Race and made lots of fun hazing the long ears into the chutes. The bull piled Joe Crow, in the second jump, the bull nearly standing on his head, he kicked so high, and Joe lit gracefully on his neck.

The New Dayton team was here and played with the Raymond team. Raymond won 1-1. This was a good game. New Dayton made the first score in the third inning. Raymond scored two each in the fifth and sixth.

Nielson and Nelson pitched good games.

The Dance at night was attended by all that could get in and the Capitol with its Zinc Grey picture was well filled all evening so that in every way the Dominion Day celebration was satisfactory to local and visiting people and the gaiety was enough that everyone's taste could be satisfied. The sponsors of the Stampede stand to lose some on the venture but everyone enjoyed the celebration history was made for the Town and everyone is pretty well satisfied with the results.

News Notes

"STATE FAIR"

Do you need \$25.00. Be at the Capitol Saturday.

Mr. and Mrs. Lee Brewerton and Steele and Teddy were in Lethbridge on Monday, Steele taking his Piano Examination there.

Mrs. Alice Snow, Hazel McBride and June May all took their Examinations in Piano work for the Toronto Conservatory Diploma, on Monday morning at the Marquis Hotel Lethbridge.

The management of the Capitol recommend "State Fair" as being one of the finest pictures they have ever played. If you enjoy real wholesome entertainment don't miss "STATE FAIR"

Jake Lybbert got his ankle broken in the Cardston Stampede, and Andy Lund again wrenched a knee that had been twisted a week or so before on a bucking horse. Ross Lund got into the finals in the Bucking and then got thrown from his horse.

Mr. and Mrs. Bert Quinton, and Mr. and Mrs. Virgil Quinton of Glenwood spent Saturday here with relatives and attending the Stampede, and visited with Mr. and Mrs. Phil Baker and family on Sunday on their way home.

All eyes were focused this week on the Roney-Norden Oil Well in the Twin River fields west of Milk River when on Monday they struck a gas flow estimated at 10,000,000 cubic feet. Drilling into the oil strata was proceeding cautiously after the gas strike and on Tuesday, the well was spraying oil out of the hole.

Public School Passing List

Below is listed the students who completed their year's work and were successful in passing their respective grades.

Culminating a year of successful work on the part of students and teachers, we congratulate the staff on the splendid percentage of passes, and the good marks of the pupils.

In connection with this, we would draw the attention of the parents to the advt. elsewhere in this issue, regarding the beginners who will start school next term. In order to save confusion, and disappointment, there are certain regulations regarding registration, which must be observed. It is hoped that all parents will observe these rules and get children registered on or before July 15 with either Paul Dahl, Secretary, or J. O. Hicken, Principal as per instructions in the advt. which will make all details clear.

Names with C following them indicate that the student passed Conditionally.

Library Report Of Month of June

News Notes

Dick O'Brien was a Lethbridge visitor last Friday.

"State Fair" is a picture no one should miss.

T. Geo. Wood and Mr. Rogers returned from their trip to Billings Sunday evening.

In compliance with the recently enacted law, most motor cars are now decorated with reflectors both front and rear.

Mr. and Mrs. Wm Cooper of Cardston were in the district Sunday visiting with friends and relatives.

With Saturday and Sunday both holidays, a great many Raymond people spent the week end at Waterton and on fishing trips.

To miss "STATE FAIR" is to miss the finest picture of any year. Starts Thursday next.

We printed some Stampede bills on Wednesday for the Stirling Stampede which will be held on Friday, July 21st.

At the Municipal Council Meeting on Tuesday the Tax Rate was struck for this year, and Notices will soon be sent out to land owners.

Mr. and Mrs. C. D. Compton will be leaving the first of next week on their summer holidays. Mr. Compton has not been feeling very well, and it is hoped his vacation will improve his health.

O. H. Snow is commencing his holidays from the Town Office next week, and in his absence Miss Mae Snow will be in charge. "O. H." is planning a trip to his old home in Southern Utah this summer.

L. B. Middleton was cut and bruised in a car accident at Medicine Hat over the week-end when a car tipped over and flying glass cut him on the right side of the head, and on the left arm, which was also badly bruised. Other members of the party were only slightly bruised up.

Bill Evans tipped his Ford Coupe over Dominion Day east of town, when he pulled too far off the road to pass another car. He and Karl Dahl were in the car, and while both of them were slightly cut and bruised up, they were able to enjoy the Stampede, and the car was not hurt at all.

A. W. Kirkham made a mistake Wednesday night, and took out a window in the Bakery Shop. Pulling up to the sidewalk, he thought he had his new Ford 8 in neutral. He reached for the brake, hit the accelerator, and the car according to Les Palmer, jumped across the sidewalk and hit the base of the window just hard enough to shatter the glass. Nothing was hurt but the window.

During the month there were 421 books loaned, and 121 took advantage of the reading room. Petty receipts amounted to \$2.98 and expenditures to \$2.70. The following books were placed in the library. "The U.P. Trail" Grey, by Lavon Low; "The Return of Peter Grimm," Belaseo; by Mrs Bert Nilsson; "The Lure of the Dim Trails" Bower, "The Major" Connor, "The F-U-N Book" LaRue, and "The Eyes of the World" Wright by Wilford Noel. The Library Board purchased the following books: "Little Women," "Little Men", "An Old Fashioned Girl" Alcott; "Pinocchio" Collodi; "The House of Seven Gables," "The Marble Faun," Hawthorne, "Don Quixote," Cervantes; "The Pathfinder" Cooper; "Bob, Son of Battle," Olivant; "Fifteen Deedsive Battles," Creasy; Lindbergh, the Lone Eagle, Fife; "Byrd and the Polar Expeditions," Foster, and "Kidnapped" by Stevenson.

During the month new shelves have been added to accommodate most of the books and the reading room presents a much improved appearance. Until further notice the Library will not be open on Mondays. The Librarian has given notice that all over due books returned to the library before July 15th will be received without payment of the fine. Go turn your home libraries and return any YOU have.

LADIES LITERARY MEETING

Mrs. Georgina O'Brien was hostess to the Ladies Literary Club, June 30th. A most enjoyable afternoon was spent. Mrs. Emma Peterson gave a sketch of the life of Mark Twain and Mrs. Edda Brandley reviewed "Innivals Abroad." Mrs. Norma Wood gave literary events of the month. The society voted to adjourn for a two months vacation and also by a majority to make the reviews of each book complete. Special guests were Mrs. Mary A. Harris, Mrs. Elizabeth Wood and Mrs. Angelina Witbeck. The next meeting will be held September 28th at the home of Mrs. Norma Wood. Mrs. Grace Redd will give the life of Geo. Eliot, Irene S. Redd will review "Adam Bede" and Helen K. Orgill will give literary current events.

Mr. and Mrs. S. I. May were Magrath visitors on Tuesday afternoon.

Remember the DIAMOND RING or \$25.00 in Cash at the Capitol, Saturday night.

It's the picture of the year, "STATE FAIR" with Will Rogers and Janet Gaynor and all star cast, starts next Thursday July 13, for three days.

Lowell Court was busy last Friday installing a radio in the car of Dr. Hall, and letting people listen to it on the street. The Doctor can now have music wherever he happens to be with his car.

James "Jimmie" Anderson, as he is better known, and Miss Maybell Head who taught school here in 31-32 were quietly married in Lethbridge Wednesday of last week, and are making their home in the Jeffrey house here. Everyone extends heartiest congratulations to these two popular young people, and we join in wishing them happiness and success in their venture.

THINK IT OVER

Dominion Day has come and gone, and with it the Stampede. This Stampede is an event that has put Raymond on the map and draws crowds from all over the southern end of the Province each year, and this year was no exception. People were here from every town and hamlet, and everyone present enjoyed the afternoon programme.

The people of Raymond itself is the great problem when it comes to Stampede attendance. This is a painful confession to make but it is very much the truth. Raymond people have developed a peculiar complex regarding the Stampede, and year after year many of those who benefit most from the fact of the Stampede being held, arrange their programme to spend that day somewhere else instead of at the Stampede.

There seems to be nothing to do about it. It's a free country and everyone will do as he or she likes. But, at the same time, it would seem that in all fairness to the sponsors of the Stampede, and in appreciation of the added business that it brings to Raymond's business houses, which of course benefits all of us, that every person in the town should consider it a duty to be at the Stampede. There may be those who cannot afford it, if so, they of course must be excused. But, there are many who, while growling about the price, will motor off to some resort and spend two or three times the cost of the Stampede admission to get away and really are cutting their own throats, because let Raymond stop her Stampedes and Dominion Day celebrations, and all of us who are in business would notice a shrinkage in the business transacted in the month of June each year.

As long as the Stampede is sponsored by the Board of Trade which is an institution which

should and does represent the district, and works continually for the interest of the Town, just so long should it receive the whole-hearted support of the citizens of the Town. When it becomes private enterprise entirely then it will be in an entirely different class, and the question will take on a different aspect. If the Board of Trade is worth anything its enterprises should certainly be worth supporting.

FARMERS FIELD DAY

Lethbridge, Alberta,

JULY 1, 1933.

Dear Mr. Farmer:

You will be believe to interested to know that there are all but complete for the Field Day and Basket Picnic that is to be held on Saturday July 15th, at the Dominion Experimental Station, Lethbridge.

A special invitation is extended to all farmers in the area served by this Station to attend this Field Day. Visitors are always welcome here but on July 15th, special opportunity will be afforded to all interested to inspect the experimental work being conducted and to gain, first hand, information concerning the many experiments being conducted which have a bearing on the problems of the dry land as well as the irrigation farm or in this end of the Province.

The programme is to start at 10:00 A.M. with organized tour of the plot work including cereals, forage crops, fertilizers and sugar beets. The speakers will be heard immediately after lunch.

Come early if you possibly can and don't forget to bring a basket of lunch. In addition to coffee, milk will be provided for the children and lunch on the lawn at noon and again in the evening.

A feature of the day will be the visit of the Honourable Robert Weir, Minister of Agriculture, for the Dominion, and the new Deputy Minister of Agriculture, Dr. H. Barton. Come to meet and hear these men. They and other prominent men will speak during the afternoon starting at 1:30.

Dr. E. S. Archibald, Director of the Dominion Experimental Farms Branch, and a number of Divisional Officers from Ottawa, will be present. These

men, with the Station Staff, will assist with the Field Day programme, which following the addresses of the afternoon, will be concluded with an inspection of livestock, poultry, horticulture and bees.

We are doing our best to let every farmer in the south of Alberta know of this Field Day and Basket Picnic and have asked the Press and the U.F.A. to assist us in this. However, we are taking this additional means of telling you about it and extending to you, your family and neighbours, a cordial invitation to attend.

Yours sincerely,
W. H. Fairfield
Superintendent.

News Notes

How is your subscription??

A. W. Jones was a bus passenger to Lethbridge on Wednesday.

Mrs. Alwyn Stone was a Lethbridge visitor on Wednesday, via the Greyhound bus.

Art and Clarke Lund were in Browning to the Stampede on Sunday, Monday and Tuesday. Art got second in the finals, and Clarke was thrown. This is about all the boys had to say of their share in the show.

FILCHING RIDES

Every mode of travel has its parasites. At sea it is the stow-away, and his tactics have remained the same from the era of sailing vessels down to the modern liner and the days of restricted immigration. On land there has been more variety. Thirty years ago the railroads were the main highways for the hobo, who was content to view the country from a freight car door. Once these wanderers were numerous enough to be a pest to train crews. Now they are heard of occasionally, sometimes being listed as 'unknowns' among the victims of a freight wreck, but they have mostly disappeared.

Have they taken to the automobile. With their instinct for wandering, they may have seen that the great provincial and national highways offer them the best opportunities. They depend on the good will of the

autoist to "get a lift," and on the long stretches, away from the populous districts, they are generally successful.

The spread of this habit of accepting or soliciting rides is an imposition on the good nature of auto owners. Their real object, of course, is to save earfare home. The whole thing amounts to a petty hold-up and should be stopped. The hobo's way of stealing a ride does not differ so much after all from the more up-to-date method of begging a ride.

Governor-General Visits Boys' Farm

The annual closing exercises of this Boys' Farm and Training School at Shawbridge, Que., were made memorable for the 150 boys of the institution recently when they were honored by the presence of the Earl of Bessborough, Governor-General of Canada, who addressed the school and gave out the prizes. Accompanied by E. W. Beatty, K.C., chairman and president of the Canadian Pacific Railway, who is also president of the Boys' School, and a number of directors and wellwishers of the institution, His Excellency was the object of a great ovation by the boys on the arrival of the

special train at the Farm. This is shown in top photograph of the lay-out. Lower left, the Governor-General is shown shaking hands with Major Ralph Wilcock, D.S.O., superintendent of the School, and at the right His Excellency is acknowledging the plaudits of the boys from the steps of the special train. It was the first time in the 25 years' existence of the School that a Governor-General of Canada had taken part in the closing exercises of the institution. His Excellency, addressing the School, stressed character as being of vital importance to success in life.

Alberta Crop Report

NO. 7.

Issued by the Department of
Agriculture, Edmonton, Monday
July 3rd, 1933

SUGAR BEET CULTURE IN CANADA

(Experimental Farms Note)

Conditions of the crop in Alberta at this date may be said, generally speaking, to be quite satisfactory. While in Southern Alberta a hot, dry spell of about three weeks caused considerable alarm, and retarded the growth of grain in some districts to a considerable extent, also burning the pastures and ranges, this period of draught was broken last week by rains which became general over most of the south country towards the end of the week, greatly improving conditions, and bringing fresh hope for a fairly normal crop of wheat. The only exception is the territory lying between the Coronation line of the C.P.R. on the north, and the Red Deer River on the south, where there are districts in which the drought burned the growing grain to such an extent that full recovery is not possible and the result will be a light yield. These districts have also received some rainfall within the past few days, however, that will prevent a complete failure.

The extreme south-eastern districts have received considerable moisture recently, particularly in the Foremost district, where heavy rainfalls have been recorded. In the south-western areas crops on stubble land and spring ploughing suffered somewhat and there cannot be full recovery of these crops, but the grain on summerfallow has stood up well, and is progressing favorably.

In the central and northern districts the prospects are reported to be fine, with a good supply of moisture from rains of the past week, and with the grain progressing favorably. In the Peace River district, the crop is somewhat late, but appears to be coming on well with an abundance of moisture. Wheat is heading out in nearly all districts, save in the north where it is somewhat late. In some of the southern districts the grain is heading out quite short. The first alfalfa cutting is proceeding in the south with prospect of a fair yield. The general hay crop will be somewhat lighter this year.

The Grasshopper Situation

The most serious situation created by the period of drought in the south was the rapid hatching out of grasshoppers in great numbers, creating a condition in this respect the most severe in the province's history, and affecting the territory contained in the first five census divisions, an area with some three million acres in wheat and last year producing about 50 million bushels of that grain. With plenty of poison bait available, however, and a complete organization working, and with 60 poison distributing stations operating, the situation is well in hand under the direction of the provincial field crops branch. Two species of hopper are active this year, being of the types that hatch out through the fields and are much more difficult to combat than the roadside species active in 1922, which year held the provincial record for hopper campaigns until the present season.

Acreage in Crop

It is estimated by the provincial department of agriculture that there has been a reduction of from six to eight per cent. in the area seeded to wheat in the province, from that sown in 1932, when the wheat area was 8201,000 acres. The area sown to oats has been slightly increased while that sown to other crops shows a slight decrease. The lateness of the spring season, and low prices were largely responsible for the decrease in the wheat acreage, with the consequent increase in oats.

Precipitation records for the month of June are as follows for the points from which records are available to the morning of June 30th.

Medicine Hat 2.11

From the data collected by the Division of Chemistry, Central Experimental Farm, Ottawa, during the past twenty-five years, from twenty-four districts situated in all of the nine provinces a good idea of where in Canada sugar beets can be successfully grown has been obtained. Climatic conditions would appear to be the most important factor and districts where seasonal conditions are most favourable, those having a warm spring with sufficient precipitation to ensure good seed germination, a growing season with plenty of rain and a warm, fairly dry mild open autumn with considerable sunshine when the beets are maturing and sugar formation is taking place, have shown that beets of excellent quality can be grown. The most consistent results have been obtained from the maritime provinces where seasonal changes seem less variable than in other districts.

The average sugar content for the juice for the last five years has been 17.4 per cent with a minimum of 13.3 to a maximum of 20.3 per cent. In those districts, where conditions are consistently favourable and a sugar content of 17 to 20 per cent can be maintained with a purity of 80 or more and yields of 10 tons per acre obtained, sugar beet culture from an agricultural standpoint may be said to be a profitable undertaking. There are however many other factors to be considered before reaching a decision as to the advisability of establishing the beet sugar industry in any district. A good yield of high quality beets is only one of many that make for success or failure in this enterprise.

Owing to the comparative newness of the industry only about 43000 acres are sown yearly with 30000 in Ontario and 13000 in Alberta. These areas produce approximately 11.0 per cent of the total sugar consumed in Canada yearly and represents a return of about three million dollars to the growers.

F. T. Shutt,
Dominion Chemist

Wheat gained 6 cents Tuesday and another gain on Wednesday making quotations for October wheat in Winnipeg about 83 cents. Local wheat Wednesday was 65½.

DID YOU EVER STOP TO THINK!

By Edson R. Waite
Shawnee, Oklahoma

THAT the success of modern stores is entirely dependent on the merchandise they carry and the way it is presented to the public.

Advertised merchandise has a way of completely satisfying those who demand quality.

People have been educated to read the advertising columns of the newspapers, knowing that firms who advertise carry reliable merchandise.

The merchant who does not advertise is out of luck. He will soon be out of business if he doesn't wake up and advertise.

Newspaper advertising introduces goods to every citizen.

Newspaper advertising keeps them in touch with those merchants who carry reliable goods.

Merchants should let the people know who they are, where they are, and what they have to sell by Advertising in Local Newspapers

News Notes

Wayne Knight was a Lethbridge visitor on Friday last.

Wesley C. Smith is in the district again this summer on weed work.

Ray Knight was in Carman-gay the first part of the week, taking the Stampede saddles to that town for their Annual Stampede.

13 were killed in Trinidad last week as a result of a hurricane and property damage was estimated at \$3,000,000 with 1,000 people homeless.

Harry Parker came down from Cardston on the bus last Friday, and was here Saturday helping operate the Loud Speakers used at the Stampede Grounds.

The two Howard boys, Frank and John, naming themselves the Boulder Mountain Buckaroos were heard in a couple of concerts over CJOE Thursday and Friday nights last on the Raymond Stampede program. Both boys took part in the Stampede here.

NOTICE

Overdue Library Books returned to the Library on or before JULY 15th, will be received without payment of fine. Readers please govern themselves accordingly.

Mrs. R. B. ROSS
 Librarian.

News Notes

The Canadian dollar on the New York market was quoted at 93 cents on Tuesday, the highest it has been in many months.

Wheat is holding its gains and moving ahead a trifle every day, as it appears more and more certain that the crop this year will be below normal, especially in the wheat belt of the United States.

News has been received that Byron T. Wall has sold his ash tray invention to the Schraed Valve Co., and is leaving the east for home this week. He will make another trip east later on.

Re Beginner Children in Public School 1933

The following regulations must be observed fully by parents who wish to start children to School in GRADE ONE this year.

1. The child must be SIX YEARS OLD on or before OCTOBER 15th, 1933.
2. The application for registration MUST BE WRITTEN and sent ON OR BEFORE JULY Fifteenth, to PAUL L. DALL, Sec.-Treas of the Raymond School District, or to J. O. HICKEN, Principal of the Public School. BIRTH CERTIFICATE must accompany the application. (Church or Provincial Certificates recognized.)
3. The child must be enrolled in School on or before SEPTEMBER 12th, 1933.

RAYMOND SCHOOL BOARD.

NOTICE

By-Law 204, Sec. 4 reads as follows

No person shall drive a Motor Vehicle within the Town of Raymond at a greater speed than 20 miles per hour or at a greater speed than 10 miles per hr. in turning corners. Drivers of Motor Vehicles not stopping at Stop Signs on corners will be prosecuted.

Chief of Police

**"Keep cool with
 crisp, light foods"**

EVERY ONE has had the experience of eating a heavy meal on a hot day and of feeling loggy and uncomfortable afterwards. In truth, food plays a big part in how we feel.

Crisp, light foods naturally help you feel cooler and fresher. That's why Kellogg's Corn Flakes are so popular when the thermometer begins to climb. Millions of people know Kellogg's mean coolness.

There's good reason too. Kellogg's are crisp, refreshing flakes of corn. Rich in energy—so easy to digest they don't "heat you up." Economical, convenient—no cooking or trouble to prepare.

Countless mothers serve Kellogg's Corn Flakes for the children's evening meal—particularly in summer. It's the kind of light meal that encourages restful sleep.

And no matter how hot or humid the weather, you'll always find Kellogg's crisp and oven-fresh... protected by the sealed inside WAXTITE bag. Every package that leaves the factory is guaranteed. Made by Kellogg in London, Ontario.
